2003

The National Women's Law Center is a Washington-based non-profit organization working to expand opportunities and eliminate barriers for women and their families, with a major emphasis on women's health, education and employment opportunities and family economic security.

The Henry J. Kaiser Family Foundation is an independent, national health philanthropy dedicated to providing information and analysis on health issues to policymakers, the media, and the general public. The Foundation is not associated with Kaiser Permanente or Kaiser Industries.
