Kaiser Family Foundation
2009 Survey of Americans on HIV/AIDS

April 2009

Methodology

The Kaiser Family Foundation *Survey of Americans on HIV/AIDS* was designed and analyzed by researchers at the Kaiser Family Foundation led by Mollyann Brodie, Ph.D., including Elizabeth Hamel, Jennifer Kates and Sasha Buscho. The survey was conducted by telephone between January 26 and March 8, 2009, among a nationally representative random sample of 2,554 adults ages 18 and older. Telephone interviews conducted by landline (N=1,951) and cell phone (N=603, including 214 who had no landline telephone) were carried out in English and Spanish by Princeton Survey Research Associates. The survey includes oversamples of African American and Latino respondents as well as respondents ages 18-29. Results for all groups have been weighted to reflect their actual distribution in the nation.

The margin of sampling error for the overall survey is plus or minus 3 percentage points. For results based on random half samples, the margin of sampling error is plus or minus 4 percentage points; for random quarter samples it is plus or minus 6 percentage points. For results based on other subgroups, the margin of sampling error may be higher. Note that sampling error is only one of many potential sources of error in this or any other public opinion poll.

Please note:

- Percentages may not always add up to 100% due to rounding.
- "Vol." indicates that a response was volunteered by the respondent, not offered as an explicit choice.
- Portions of this survey have been held for future release.
- Trends in this document come from surveys listed on the last page.

1. What do you think is the MOST urgent health problem facing this nation TODAY? (OPEN-ENDED; DO NOT READ RESPONSE CATEGORIES. WAIT FOR REPLY BEFORE PROBE) Is there another health problem you think is almost as urgent? (RECORD UP TO 3 RESPONSES)

Based on Form 1 random half sample

	10/97 ⁶	49	20	31
	12/95 ⁷	30	36	34
c. There is a vaccine available to prevent people from becoming infected with HIV				
	3/09	9	76	15
d. Magic Johnson has been cured of AIDS				
	3/09	9	73	18
Item e based on Form 1 random half sample				
e. There is no cure for AIDS at present				
	3/09 (n=1320)	82	13	5
	4/06 (1269)	86	10	4
	5/04 (1470)	90	7	3
	10/00 (1320)	89	8	3
	10/97 (1205)	86	11	3
Item f based on Form 2 random half sample				
f. There are drugs available that can cure HIV and AIDS				
	3/09 (1234)	10	83	7
	4/06 (1248)	10	81	9
	5/04(1432)	7	86	7
	10/00 (1363)	5	88	8

QUESTIONS 11 – 29 HELD FOR FUTURE RELEASE.

⁵ 10/97 and 12/95 trend items used variant wording: "There are drugs available to treat AIDS or the AIDS virus that can lengthen the life of a person infected with AIDS."

⁶ 10/97 trend item used variant wording: "A pregnant woman who has the AIDS virus can take certain steps to reduce the risk of her baby being born infected."

⁷ 12/95 trend item used variant wording: "A pregnant woman who has the AIDS virus can reduce the risk of her baby being born infected by taking certain drugs."

READ: Thinking about people with HIV in the U.S....

30. As far as you know, has the HIV epidemic had a greater impact, a smaller impact, or about the same impact on African Americans as it has on whites in the United States?

Based on Form 1 random half sample (n=1,320)

<u>3/09</u>	
56	Greater impact
2	Smaller impact
27	About the same impact
15	Don't know/Refused

READ: Now, thinking about the HIV/AIDS epidemic in the United States specifically...

31. In general, do you think the federal government spends TOO MUCH money on HIV/AIDS, TOO LITTLE money on HIV/AIDS or ABOUT THE RIGHT amount? (READ AND ROTATE 1-2, ALWAYS READ 3 LAST)?

Based on Form 1A random quarter sample

<u>3/09</u>		<u>4/06</u>	<u>5/04</u>	<u>10/00</u>	<u>10/97</u>
5	Too much money on HIV/AIDS	7	5	5	8
50	Too little money on HIV/AIDS	63	52	55	51
28	Or about the right amount	17	36	25	32
17	Don't know/Refused	14	8	15	9
(n=649)		(1269)	(1470)	(1320)	(598)

32. Compared with the amount of money the federal government spends on other health problems, such as heart disease and cancer, do you think federal spending on HIV/AIDS is too HIGH, too LOW, or ABOUT RIGHT?

Based on Form 1B random quarter sample

<u>3/09</u>		<u>4/06</u>	<u>5/04</u>	<u>6/02</u>	<u>10/00</u>
7	Too high	7	6	11	8
35	Too low	48	42	29	43
36	About right	24	40	42	30
23	Don't know/Refused	21	12	18	19
(n=671)		(1248)	(1432)	(720)	(1363)

33. In general, do you think that spending more money on HIV/AIDS PREVENTION in the United States will lead to meaningful progress in slowing the epidemic, OR that spending more money won't make much difference?

Based on Form 1A random quarter sample

<u>3/09</u>		<u>4/06</u>	<u>5/04</u>
60	Lead to meaningful progress	62	57
31	Won't make much difference	30	34
2	Depends (VOL.)	5	3
8	Don't know/Refused	4	7
(n=649)		(1269)	(2902)

34. In general, do you think that spending more money on HIV/AIDS TREATMENT in the U.S. will lead to meaningful progress in slowing the epidemic, OR that spending more money won't make much difference?

Based on Form 1B random quarter sample (n=671)

<u>3/09</u>	
48	Lead to meaningful progress
38	Won't make much difference
3	Depends (VOL.)
10	Don't know/Refused

35. Now thinking about the effectiveness of condoms. In your opinion how effective are condoms, if used correctly, at preventing HIV/AIDS? Are they... (READ)?

Based on Form 1 random half sample

<u>3/09</u>		<u>4/06</u>	
42	Very effective	44	
42	Somewhat effective	41	
7	Not too effective	6	
3	Not effective at all	2	
5	Don't know/Refused	6	
(n=1320)		(2517)	

READ: On another topic...

36. During the last year, how much, if anything, have you personally seen, heard, or read about the problem of AIDS (INSERT ITEMS a AND b – ROTATE, ALWAYS READ ITEM “c” LAST)? Have you heard a lot, some, only a little, or nothing at all?

Based on Form 1 random half sample

		<u>A lot</u>	<u>Some</u>	<u>Only a little</u>	<u>Nothing at all</u>	<u>DK/Ref.</u>	<u>(n)</u>
a. In the United States	3/09	14	31	42	12	*	(1320)
	5/04	34	36	24	4	1	(2902)

ITEMS B – C HELD FOR FUTURE RELEASE.

QUESTIONS 37 – 45 HELD FOR FUTURE RELEASE.

46. Have you, personally, ever donated money to an HIV or AIDS-related charity, or not?

Based on Form 1 random half sample (n=1,320)

<u>3/09</u>	
36	Yes
60	No
4	Don't know/Refused

READ TO ALL: Now, switching topics... I'd like to ask you some questions about where you find health information.

47. Now, turning to your own sources of information about HIV and AIDS. Thinking about everything you know about HIV/AIDS, does this information mainly come from things you've seen and heard from (READ & ROTATE ITEMS 1-5), or some other source?

3/09

- 62 The media, such as radio, television, newspapers, and the Internet
- 13 Your doctor or other health professionals
- 12 School
- 5 Your friends and family
- 1 Your church or other religious institution
- 5 Some other source
- 1 Medical professional/work in health care (vol.)
- 1 Don't know/Refused

48. Would you say most of the information you have about HIV/AIDS comes from radio, television, newspapers, the Internet, or some other form of media? (ALLOW ONLY ONE RESPONSE)

Based on those who say most of their information about HIV/AIDS comes from the media (n=1,464)

3/09

- 47 Television
- 20 Internet
- 18 Newspapers
- 4 Radio
- 6 Some other form of media
- 3 All equally (VOL.)
- 2 Don't know/Refused

47/48 Combo table based on total

3/09

READ: On another topic...

49. Please tell me which, if any, of the following you would like to have more information about. (First/Next), would you like to have more information about...(INSERT ITEMS, RANDOMIZE)?

		<u>Yes</u>	<u>No</u>	<u>DK/Ref.</u>
a. Where to go to get tested for HIV	3/09	24	75	1
	4/06	35	64	1
b. The different kinds of HIV tests available	3/09	33	66	*
	4/06	44	55	2
c. How to bring up the topic of getting an HIV test with your partner	3/09	21	78	1
	4/06	31	67	2
d. How to know whether you should get tested for HIV or not	3/09	28	71	1
e. How to ask your health care provider for an HIV test	3/09	22	78	*

50. Have you ever talked with a doctor or health care provider about HIV or AIDS?

	<u>3/09</u>	<u>4/06</u>	<u>5/04</u>	<u>10/00</u>	<u>10/97</u>
38 Yes	38	38	38	30	31
62 No	62	61	62	70	69
* Don't know/Refused	*	1	*	*	*

51. Have you ever talked with a partner about HIV or AIDS?

	<u>3/09</u>
45 Yes	45
54 No	54
* Don't know/Refused	*

52. As far as you know, when you visit your doctor for a routine physical or annual exam, is it STANDARD PRACTICE to perform a test for HIV, or do you HAVE TO ASK your doctor to perform this test?

	<u>3/09</u>	<u>4/06</u>	<u>5/04</u>	<u>10/00</u>
13 Standard practice	13	13	17	15
72 Have to ask	72	70	67	68
15 Don't know/Refused	15	17	16	17

53. If you were to be tested for HIV, do you think it would make people you know think [ROTATE ORDER OF MORE/LESS: (less) of you, think (more) of you], or would it make no difference in how people you know think of you?

<u>3/09</u>		<u>4/06</u>
16	Less of you	21
7	More of you	9
69	Make no difference	62
1	Some less, some more (VOL.)	1
7	Don't know/Refused	6

READ: Next, just to describe the people taking part in the survey...

- D1. (Interviewer: RECORD RESPONDENT'S SEX)

49 Male
51 Female

- D2. What is your religion – Protestant, Roman Catholic, Jewish, some other religion, or no religion?
D3. Do you think of yourself as Christian, or not?
D4. Do you happen to be a born-again or Evangelical Christian, or not?

54 Total Protestant/Christian
26 Evangelical
27 Non-evangelical
25 Roman Catholic
2 Jewish
1 Mormon
* Orthodox Church
3 Other religion
14 No religion/Atheist/Agnostic
1 Don't know/Refused

- D5. In politics today, do you consider yourself a [ROTATE: Republican, Democrat/Democrat, Republican], an Independent, or what?

23 Republican
38 Democrat
28 Independent
7 Or what? (INTERVIEWER: INCLUDE 'OTHER' AND 'NONE' HERE)
5 Don't know/Refused

- D6. Would you say your views in most political matters are liberal, moderate, or conservative?

23 Liberal
34 Moderate
37 Conservative
7 Don't know/Refused

- D7. Are you currently married, living with a partner, divorced, separated, widowed, or have you never been married?
- 50 Married
 - 7 Living with a partner
 - 10 Divorced
 - 3 Separated
 - 8 Widowed
 - 21 Never been married
 - 1 Don't know/Refused
- D8. What is the LAST grade or class that you COMPLETED in school? (DO NOT READ)
- 4 None, or grade 1-8
 - 10 High school incomplete (grades 9-11)
 - 34 High school graduate (grade 12 or GED certificate)
 - 3 Technical, trade or vocational school AFTER high school
 - 23 Some college, no four-year degree (includes associate degree)
 - 16 College graduate (B.S., B.A., or other four-year degree)

D21. The last time you were tested for HIV, did you go to a doctor or clinic *specifically* to get an HIV test, or did you decide to get an HIV test as part of another health visit, such as a routine check-up?

Based on those who have ever been tested for HIV (n=1,318)3/09

- 26 Specifically to get an HIV test
- 69 As part of another health visit
- 5 Don't know/Refused

D22. The last time you were tested for HIV, how did you know the test was being done? Did you ASK to be tested for HIV, did the doctor or nurse TELL YOU this test was being done, or was it your IMPRESSION that the test was a routine part of the exam?

Based on those who have ever been tested for HIV

	<u>4/06</u>	<u>5/04</u>	<u>10/00</u>
45 Asked to be tested	51	44	45
26 Doctor/Nurse told me	24	26	27
25 Under the impression it was a routine part of the exam	18	23	22
2 Tested as part of blood donation/blood drive (VOL.)	5	5	3
2 Don't know/Refused	3	2	3
(n=1318)	(1224)	(1529)	(1271)

D23. And did you get your test results, or not?

Based on those tested for HIV in past 12 months

<u>3/09</u>		<u>4/06</u>
89	Yes	83
11	No	16
*	Don't know/Refused	1
(n=521)		(493)

D24. As I read each of the following, please tell me if this is a reason why you decided to get tested for HIV, or not. How about (INSERT ITEMS - RANDOMIZE, ALWAYS READ ITEM "e" LAST). READ FIRST TIME, AND AS NECESSARY: Is this a reason you decided to get tested for HIV, or not?

Based on those who have ever been tested for HIV (n=1,318)

		<u>Yes</u>	<u>No</u>	<u>DK/Ref.</u>
a. You were concerned that you might be infected	3/09	21	79	1
b. Your doctor or other health care provider suggested you get tested	3/09	26	73	1
c. A partner suggested or asked that you get tested	3/09	9	90	1
d. It's something you do every year	3/09	27	73	1
e. It just seemed like a good idea	3/09	65	34	1

- D25. As I read each of the following, please tell me if this is a reason why you have not been tested for HIV. (First/Next) ... (INSERT ITEMS – RANDOMIZE) READ AFTER EVERY ITEM: Is this a reason you haven't been tested for HIV, or not?

Based on those who have never been tested for HIV

		<u>Yes</u>	<u>No</u>	<u>DK/Ref.</u>	<u>(n)</u>
a. You don't like needles or giving blood	3/09	8	91	1	(1236)
	4/06	8	90	2	(1133)
	5/04	9	90	1	(1318)
	10/00	9	90	1	(1353)
b. You don't think you're at risk	3/09	69	29	2	(1236)
	4/06	61	38	2	(1133)
	5/04	72	27	1	(1318)
	10/00	73	27	1	(1353)
c. You worry about confidentiality	3/09	5	94	1	(1236)
	4/06	13	85	2	(1133)
	5/04	6	93	1	(1318)
	10/00	8	92	*	(1353)
d. You're afraid you'll test positive	3/09	2	97	1	(1236)
	4/06	3	96	1	(1133)
	5/04	2	97	1	(1318)
	10/00	2	97	*	(1353)
e. You don't know where to go to get tested	3/09	6	93	2	(1236)
	4/06	10	88	2	(1133)
	5/04	6	93	1	(1318)
	10/00	6	94	1	(1353)
f. Your doctor never recommended it	3/09	27	70	3	(1236)
	4/06	21	77	2	(1133)

- D26. Has a doctor or other health care provider ever suggested that you be tested for any other sexually transmitted diseases besides HIV, or not?

3/09

11 Yes
88 No
1 Don't know/Refused

- D27. Have you, yourself, ever been tested for any other sexually transmitted diseases besides HIV, or not?

3/09

27 Yes
72 No
1 Don't know/Refused
