## Table 6B Notes

- 1) Alabama - Anemia screening and breastfeeding counseling are components of maternity global reimbursement.
- 2) Arizona - The state noted that anemia and bacteriuria screenings must be medically necessary.
- 3) Colorado - The state noted that the breastfeeding counseling service is provided in delivery and through nurse home visitor program.
- 4) Hawaii - The state noted that not every service is by itself billable but would be incorporated into an evaluation and management visit.
- 5) Iowa - The state noted that Hepatitis B screenings are not unsupported screenings and require supporting diagnosis codes.
- 6) Kentucky - The state exempts individuals under 18 years of age.
- 7) Maine - The state noted that there may not be unique procedure codes to identify the specific service(s) or they may be incidental to the office visit of the day. Copays are charged for hospital services, FQHCs and RHCs, but not for physician services, nursing facilities, ICF-IDs, and Indian Health Centers. Members are also exempt from co-payment for family planning services and supplies, and for services furnished to individuals under 21, pregnant women up to 3 months post-partum. Covered for ages 18 and under, 19 and 20 year olds with a Prior Authorization.
- 8) Maryland - All of the services, immunizations and tests listed are covered when medically necessary for adults.
- 9) Michigan – The state noted that breastfeeding counseling is included in the office visit.
- 10) North Carolina - The state noted that breastfeeding counseling is part of the primary care program. The state also noted that alcohol misuse counseling is identified by the pregnancy risk screening tool.
- 11) North Dakota - The state noted that breastfeeding counseling is included in the payment for office and other outpatient evaluation and management visit services. The state indicated that payment for alcohol misuse counseling for pregnant women are included in the payment for office and other outpatient evaluation and management services.
- 12) Pennsylvania - The state noted that breastfeeding counseling is included in the payment for office and other outpatient evaluation and management service. The state indicated that alcohol misuse counseling for pregnant women is covered as part of an office visit.
- 13) Rhode Island - The state noted that it generally covers pregnant women through managed care.
- 14) Tennessee – The state noted that all services listed are provided as medically necessary.
- 15) Virginia - The state noted that anemia, bacteriuria and rh incompatibility screenings are part of evaluation and management visits and high risk populations. Breastfeeding counseling is covered for up to 6 classes.
- 16) Washington - State indicated that breastfeeding counseling and alcohol misuse counseling is reimbursed as part of an evaluation and management visit.
