

Health Center Outreach and Enrollment Assistance Fiscal Year 2013
HRSA-13-279
CFDA# 93.527

1. Purpose

This announcement details the fiscal year (FY) 2013 Health Center Outreach and Enrollment Assistance supplemental funding opportunity for existing Health Center Program grantees (health centers currently funded under section 330 of the Public Health Service (PHS) Act, as amended (42 U.S.C. 254b)). Section 330(b)(1)(A)(iii) requires that health centers establish “services designed to assist health center patients in establishing eligibility for and gaining access to Federal, State, and local programs that provide or financially support the provision of medical, social, housing, educational, or other related services.” These funds are being invested in health centers to expand current outreach and enrollment assistance activities and facilitate enrollment of eligible health center patients and service area residents into affordable health insurance coverage through the Health Insurance Marketplaces, Medicaid, or the Children’s Health Insurance Program.

2. Background

This supplemental funding opportunity is being supported under Section 10503 of the Patient Protection and Affordable Care Act (P.L. 111-148), as amended by the Healthcare and Education Reconciliation Act (P.L. 111-152), collectively referred to as the Affordable Care Act. The health care law includes a variety of provisions designed to promote accountability, affordability, quality, and accessibility in the health care system. As new insurance options become available, consumers will need information and assistance to understand new health insurance options and identify the affordable coverage that best meets their needs.

The Affordable Care Act creates new competitive private health insurance marketplaces, called the Affordable Insurance Marketplace (also referred to as “Exchanges”), that will provide millions of Americans and small businesses with access to affordable health insurance coverage. Through the Marketplace, eligible individuals will be able to receive premium tax credits and cost sharing reductions to help with the cost of insurance coverage.

The health care law also gives states the opportunity to expand their Medicaid programs with significant funding support from the federal government. Beginning in January 2014, most individuals under 65 years of age with income below 133 percent of the federal poverty level (FPL) will be eligible for Medicaid in states that participate in this expansion.

On October 1, 2013, consumers in every state will have access to a single, streamlined application process that will enable them to determine if they, or a family member, are eligible for enrollment under Medicaid, CHIP, or if they are eligible for financial assistance for a qualified health plan offered through the Marketplace and, if so, facilitate the enrollment

process. Individuals will be able to access this application on-line, over the phone, on paper, and in-person. Multiple types of assistance will be made available to assist individuals in learning about coverage options, affordability, and insurance enrollment.

3. Funding Opportunity Requirements

The purpose of the FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding is to support health centers in raising awareness of affordable insurance options and providing eligibility and enrollment assistance to uninsured patients of health centers and residents in their approved service areas. To receive the outreach and enrollment assistance supplemental funds, a health center must:

- A. Increase the health center's current outreach and enrollment assistance capacity. This can be accomplished by expanding the hours of existing outreach and eligibility/enrollment assistance workers and/or by hiring new outreach and enrollment assistance workers. A minimum of at least 1.0 full-time equivalent (FTE) must be added to the health center's current outreach and enrollment assistance capacity. Health center outreach and enrollment assistance workers supported by this funding opportunity must:
 - a. Demonstrate and maintain expertise in: eligibility and enrollment rules and procedures; the range of qualified health plan options and insurance affordability programs; the needs of underserved and vulnerable populations; and privacy and security standards.
 - b. Perform, at a minimum, the following required duties:
 - i. Conduct public education activities to raise awareness about coverage options available under Medicaid, CHIP and the Marketplace;
 - ii. Help individuals understand and access affordability options;
 - iii. Provide information and assistance in a fair, accurate, and impartial manner;
 - iv. Provide information and assistance in a manner that is culturally and linguistically appropriate to diverse communities and accessible to individuals with disabilities; and
 - v. Provide referrals to any applicable office of health insurance consumer assistance or ombudsman established under Section 2793 of the PHS Act to address consumer grievances, complaints, or questions about their health plan, coverage, or a determination.
- B. Ensure all health center outreach and enrollment assistance workers (i.e., current and newly supported) comply with and successfully complete all required and applicable federal and/or state consumer assistance training, as is required for all assistance personnel carrying out consumer assistance functions. Training will be similar to that

provided to entities or individuals who are recipients of the Navigator cooperative agreements or employees or staff of those recipients hired to serve as Navigators.

- C. Demonstrate the capacity to conduct “in reach” with currently uninsured health center patients and “outreach” to non-health center patients in their approved service area. Health center outreach and enrollment assistance workers will be required to help any patient or resident seeking outreach and enrollment assistance. In instances where health center outreach and enrollment assistance workers do not have the immediate capacity to adequately help an individual due to language or other barriers, the health center outreach and enrollment assistance workers must provide timely referrals to other resources, such as the toll-free Marketplace Call Center, or to other state or local entities that can more effectively serve that individual.
- D. Describe how they will collaborate with other health centers and providers in their service area to ensure that outreach and enrollment assistance activities are coordinated with other local, regional, and/or state-wide outreach and enrollment assistance efforts and training requirements.
- E. Comply with all applicable requirements of section 330 of the PHS Act, as amended, its implementing regulations, and guidelines, including the Health Center Program requirements available at <http://bphc.hrsa.gov/about/requirements>. HRSA will work with each grantee to evaluate progress relative to the proposed work plan and may condition funding based on progress and adherence to Federal guidance and Marketplace requirements including training, conflict of interest, and adherence to Culturally and Linguistically Appropriate Services (CLAS) standards.

4. Summary of Funding

HRSA will award approximately \$150 million under the FY 2013 Health Center Outreach and Enrollment Assistance funding opportunity through formula-based supplemental awards to eligible section 330 funded health centers. Outreach and enrollment assistance supplemental funding will be awarded to each grantee at the same proportional distribution as its existing operational section 330 grant funding.

Requests for Federal outreach and enrollment assistance supplemental funding must be reasonable and appropriate based on the scope and breadth of the outreach and enrollment assistance activities being proposed and the projected number of patients and residents of the service area to be assisted.

Awards to support projects beyond the first 12 months will be contingent upon available funding, compliance with applicable statutory and regulatory requirements, demonstrated organizational capacity to accomplish the project’s goals, and a determination that continued funding would be in the best interest of the Federal government.

5. Funding Methodology

Funding allocations will be derived from the following formula:

- A base amount of \$50,000;
- An additional \$5,000 for initial one-time expenditures (e.g., supplies); and
- An additional amount allocated by the grantees' proportion of uninsured patients, as reported in calendar year 2012 Health Center Program Uniform Data System (UDS).

A list of health centers and the estimated amount for outreach and enrollment assistance activities is located in Appendix B. Depending on the number of approvable applications, HRSA may make adjustments in award amounts consistent with funds available for this supplemental opportunity. Cost sharing or matching is not a requirement for this funding.

6. Eligible Applicants

Organizations receiving Health Center Program (section 330 of the PHS Act, as amended) operational funds at the time of application submission are eligible to apply for FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding. Health centers that have been determined and notified by HRSA as materially noncompliant with Health Center Program requirements are not eligible for this funding opportunity.

7. Allowable and Required Use of Funds

The purpose of the FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding is to support health centers in raising awareness of affordable insurance options and providing eligibility and enrollment assistance to uninsured patients and residents in their service areas.

Applicants must propose to add a minimum of 1.0 new full time equivalent(s) (FTEs) to support new and expanded outreach and enrollment assistance efforts. Pre-award costs up to 90 days are allowable under this funding opportunity. This funding cannot be used to support the provision of primary health care services or personnel other than outreach and enrollment assistance workers. Health centers may not use outreach and enrollment assistance funds to supplant other resources (federal, state, local, or private) intended to support outreach and enrollment assistance activities.

Additionally, HRSA encourages health centers to consider hiring qualified veterans for open outreach and enrollment assistance positions. In 2011, HRSA launched the Health Centers Hire Veterans Challenge with a goal to hire an average of one veteran per grantee site over the next 3 years or approximately 8,000 veterans nationwide. Interested health centers may learn more about the Health Centers Hire Veterans Challenge at <http://bphc.hrsa.gov/veterans/>.

The following allowable uses of grant funds under section 330 will generally apply to the supplemental outreach and enrollment assistance funds, unless specifically excluded in this funding announcement (see below).

- Personnel, including at least one additional FTE¹ outreach worker and/or eligibility assistance worker², to support new and expanded outreach and enrollment assistance efforts;
- Fringe benefits for outreach and enrollment assistance workers;
- Moveable equipment and supplies to support outreach and enrollment assistance individually valued at less than \$5,000 (e.g., personal computers, educational materials, scanners for consumers to use in uploading consumer supporting documentation to accompany applications, wireless cards if necessary, any materials necessary for staff to ensure no consumer Personally Identifiable Information (PII) is compromised);
- Leasing of temporary space for the sole purpose of outreach and enrollment assistance activities (e.g., leasing space in a community center);
- Training in support of the grant; and
- Local travel in support of the grant.

The following uses of funds are not allowable under this funding opportunity:

- Support for personnel other than outreach and enrollment assistance workers;
- Fringe benefits other than those to support outreach and enrollment assistance workers;
- Moveable equipment and supplies individually valued at \$5,000 or greater;
- Vehicles;
- Primary health care services;
- Construction costs (including minor alterations and renovation and fixed/installed equipment);
- Facility or land purchases; and
- Incentives (e.g., gift cards, food, free services).

8. Application Requirements

The FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding application contains the following sections/forms that must be completed within HRSA's Electronic Handbook (EHB) by the applicant. HRSA will provide detailed instructions on accessing, completing, and submitting the electronic application separately.

- a) Face Page (SF-424)
- b) Project Narrative

¹ A total of one FTE, not including volunteers.

² Outreach workers and eligibility assistance workers as defined in HRSA's 2012 Uniform Data System (UDS) manual.

Applicants must complete an electronic application that includes a brief discussion of:

1. How the health center will use outreach and enrollment assistance funding and leverage current resources to meet the new eligibility assistance and enrollment needs in the health center's approved service area; and
2. How the health center will coordinate outreach and enrollment assistance efforts with other health centers (grantees and look-alikes) and with other state, local, and/or regional efforts.

In addition, the application must include:

3. The projected number of additional funded outreach and enrollment assistance FTEs;
4. The projected number of health center outreach and enrollment assistance workers who will successfully complete all required and applicable federal and/or state consumer assistance training. This number includes additional funded FTEs and current outreach and enrollment assistance workers, including volunteers, who will dedicate some or all of their time to outreach and enrollment assistance activities;
5. The projected number of individuals to be assisted³ by all health center outreach and enrollment assistance workers; and
6. The projected number of individuals to be enrolled⁴ in affordable insurance coverage.

c) Work Plan

Applicants must provide and attach to the application a brief work plan for achievement of project goals and objectives consistent with the project narrative and budget narrative justification. The work plan should document major activities, the name and title the individual(s) responsible for accomplishing that objective, and timeframes.

Major activities may include:

- Develop outreach and enrollment assistance coordination/collaboration plans;
- Recruit and hire new outreach and enrollment assistance workers (expected within 60 days of award);
- Successfully complete all required and applicable federal and/or state consumer assistance training;
- Perform outreach and enrollment assistance activities; and
- Evaluate progress and revise strategies as appropriate.

³ "Assisted" is defined as the number of individuals assisted in any part of the enrollment process, i.e., educated about affordable coverage options, setting up a profile in the portal, filing affordability assistance information, receiving an eligibility determination, and/or enrolling in affordable health insurance.

⁴ "Enrolled" is defined as the number of individuals assisted who enroll in affordable insurance coverage.

d) Budget

Each FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding application must contain a completed Standard Form (SF) 424, SF-424-A Line-Item Budget.

e) Budget Narrative Justification

Each FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding application must contain a Budget Narrative Justification that clearly describes each cost element and explains how each cost contributes to meeting the project's goals and objectives for the first 12-months. Please refer to *Appendix A: Completing the Project-specific Line Item Budget and Budget Narrative Justification* for additional budget information.

9. Application Submission Dates and Times

Applications must be submitted electronically in HRSA's Electronic Handbook (EHB). The due date for submission of FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding applications is May 31, 2013, at 5:00 PM ET. Submissions will be considered as meeting the deadline if they are electronically marked on or before the due date.

Note that this application requires final submission by the health center's authorizing official.

10. Application Reviews

HRSA will conduct reviews for eligibility, completeness, and allowable costs.

11. Award Notices

HRSA anticipates awarding FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding in July 2013.

12. Additional Requirements

FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding recipients must comply with applicable requirements of section 330 of the PHS Act, as amended, its implementing regulations, and guidelines, including the Health Center Program Requirements available at <http://bphc.hrsa.gov/about/requirements>, as well as grant requirements specified in 45 CFR Part 74, and 45 CFR Part 92, as applicable.

If funded to conduct outreach and enrollment assistance activities, the health center must revise its current Form 5C: Other Activities in their H80 grant folder to add "Non-Clinical Outreach" to the form or to update the existing entry for Non-Clinical Outreach as appropriate to align with funded outreach and enrollment activities (e.g., update frequency and locations).

Pursuant to existing law, and consistent with Executive Order 13535 (75 FR 15599), health centers are prohibited from using Federal funds to provide abortion services (except in cases of rape or incest, or when the life of the woman would be endangered). This includes all funds awarded under this announcement and is consistent with past practice and long-standing requirements applicable to grant awards to health centers.

13. Quarterly Progress Reports

The awardee must submit quarterly progress reports (QPRs) to HRSA. The QPRs will document grantee progress on meeting outreach and enrollment assistance-specific goals, particularly the number of outreach and enrollment assistance workers trained, the number of individuals assisted through outreach and enrollment assistance activities, and the number of uninsured individuals newly insured. Further information will be provided in the Notice of Award. All standard Health Center Program grantee reporting requirements also apply.

14. Agency Contacts

TYPE OF ASSISTANCE NEEDED	PLEASE CONTACT
General technical assistance	A technical assistance Web site has been established to provide applicants with copies of forms, FAQs, and other resources that will help organizations submit competitive applications. To review available resources, visit http://www.hrsa.gov/grants/apply/assistance/OE .
Program and budget related issues	The Outreach and Enrollment Team Health Resources and Services Administration Bureau of Primary Health Care Office of Policy and Program Development Email: bphc-oe@hrsa.gov
Electronic submission issues	BPHC Help Line Questions on navigating and completing forms bphchelpline@hrsa.gov or 1-877-974-BPHC (2742) Monday through Friday 8:30 AM to 5:30 PM (ET)

Appendix A: Completing the Project-Specific Line Item Budget and Budget Narrative Justification

FY 2013 Health Center Outreach and Enrollment Assistance supplemental funding applicants are required to provide a line item budget and a narrative that explains each amount requested for each line in the budget. The budget narrative justification must specifically describe each cost element and how each cost will support the achievement of proposed objectives. Include the following in the budget narrative justification:

- **Personnel:** Personnel costs must list each outreach and enrollment assistance staff member who will be supported with these outreach and enrollment funds, name (if possible), position title, percent full time equivalency, and annual salary.
- **Fringe Benefits:** List the components that comprise the fringe benefit rate, for example health insurance, taxes, unemployment insurance, life insurance, retirement plan, tuition reimbursement. The fringe benefits must be directly proportional to that portion of personnel costs that are allocated for the project.
- **Travel:** List travel costs according to local travel needs. For travel, the mileage rate, number of miles, reason for travel and staff member/consumers completing the travel should be outlined. The budget must also reflect the travel expenses associated with participating in meetings and other proposed trainings or workshops.
- **Supplies:** Separately list the items to support outreach and enrollment assistance, including moveable equipment and supplies individually valued at up to \$5,000 (e.g., personal computers, educational materials, scanners for consumers to use in uploading consumer supporting documentation to accompany applications, wireless cards if necessary, any materials necessary for staff to ensure no consumer Personally Identifiable Information (PII) is compromised).
- **Contractual:** Applicants are responsible for ensuring that their organization or institution has in place an established and adequate procurement system with fully developed written procedures for awarding and monitoring all contracts and potential conflicts of interest. Applicants must provide a clear explanation as to the purpose of each contract, how the costs were estimated, and the specific contract deliverables.
- **Other:** Put all other allowable costs that do not fit into any other category into the “Other” category and provide a detailed explanation of each cost.
