

Report from the Maryland Health Benefit Exchange about Maryland Health Connection, the state-based health insurance marketplace

BALTIMORE (January 3, 2014) -- As expected, last week saw another record number of enrollments in health coverage through Maryland Health Connection. We are now halfway through the six month open enrollment period, which ends March 31, 2014. Marylanders who have not yet enrolled in coverage can still do so.

Marylanders who have enrolled in coverage that begins on January 1, 2014, are reminded that they must submit their first payment directly to their carrier, and the carrier must receive the payment, no later than January 15, 2014. Carrier-specific billing information can be found [on the website](#). Carriers encourage electronic payments when possible. Failure to make timely payment could result in cancelled coverage. Consumers will receive a communication from their carrier within one to two weeks, and should follow instructions for paying their first invoice.

We also want to remind consumers that if they are not seeking financial assistance, they may enroll in a plan directly through carriers. [A link on the website](#) directs consumers to this option. They also may contact an insurance agent or insurance company directly.

Highlights from today's report include that, as of December 28:

- More than 115,000 Marylanders have created identity-verified accounts, and there have been more than 733,000 unique visitors to the website;
- Enrollments in qualified health plans increased to a total of 18,257 individuals;
- Counting Medicaid pre-enrollments, new Medicaid eligibles, and individuals who have selected qualified health plans for enrollment, as many as 152,000 Marylanders are on track for coverage under the Affordable Care Act.

Weekly Report

From October 1 through December 28, 2013, there have been 733,986 unique visitors to the Maryland Health Connection website. 115,462 Marylanders have created identity-verified accounts.

Through December 28, 18,257 Marylanders have chosen to enroll in private health plans through Maryland Health Connection.

91,570 Marylanders signed up through the Primary Adult Care (PAC) program to be automatically enrolled in Medicaid coverage on January 1, 2014, and now have full Medicaid coverage. Separately, through December 28, 43,065 Marylanders have been found eligible for a Medicaid program through Maryland Health Connection. As of January 1, 19,578 of those individuals were enrolled in Medicaid, and we expect many more of those found eligible to be enrolled in the coming weeks, with coverage retroactive to January 1.

Combining new Medicaid, PAC Medicaid enrollment, and qualified health plan enrollment, as many as 152,000 Marylanders are on track to receive health coverage under the Affordable Care Act.

Information for Users of Maryland Health Connection

Marylanders who enroll in a Qualified Health Plan through Maryland Health Connection for coverage beginning on January 1, 2014, must submit their first payment directly to the carrier by January 15, 2014.

Open enrollment continues until March 31, 2014, so Marylanders will continue to be able to apply for, shop and enroll in coverage beyond the New Year. Many of the technical glitches most frustrating to consumers have been fixed, and we continue to work to address others that continue to cause difficulties for some Maryland consumers.

As more people learn about their health coverage options and the consumer experience on the website improves, enrollment through Maryland Health Connection into more than 60 medical and dental plans will increase. We anticipate that as many as three-fourths of individuals and families enrolling in private health coverage through Maryland Health Connection will qualify for tax credits and other assistance to reduce their costs.
