CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 516

Introduced by Assembly Member V. Manuel Pérez
(Coauthors: Assembly Members ~~Eng~~ Buchanan, Dickinson, Eng,
and Solorio)

February 15, 2011

An act to amend Section 2333.5 of the Streets and Highways Code, relating to transportation.

LEGISLATIVE COUNSEL'S DIGEST

AB 516, as amended, V. Manuel Pérez. Safe routes to school.

Existing law requires the Department of Transportation, in consultation with the California Highway Patrol, to establish and administer a "Safe Routes to School" program for construction of bicycle and pedestrian safety and traffic calming projects, and to award grants to local agencies in that regard from available federal and state funds, based on the results of a statewide competition. Existing law requires the department to rate proposals submitted by applicants using specified factors. One of the factors relates to consultation of and support for projects by school-based organizations, local traffic engineers, local elected officials, law enforcement agencies, school officials, and other relevant community stakeholders.

This bill would delete that factor and instead substitute a factor relating to use of a specified public participation process, with involvement by the public, schools, parents, teachers, local agencies, the business community, key professionals, and others, which process identifies community priorities and ensures those priorities are reflected in the proposal, and secures support for the proposal by relevant community

stakeholders. The bill would add another factor relating to benefit of a proposal to a ~~disadvantaged community~~ *low-income school*, as defined, *and would make other related changes.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.
