

AMENDED IN SENATE JUNE 20, 2012

AMENDED IN SENATE MAY 16, 2012

AMENDED IN ASSEMBLY JANUARY 23, 2012

CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 1000

Introduced by Assembly Member Perea

February 18, 2011

An act to add Section 1367.655 to the Health and Safety Code, and to add Section 10123.205 to the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

AB 1000, as amended, Perea. Health care coverage: cancer treatment.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law also provides for the regulation of health insurers by the Department of Insurance. Existing law requires health care service plan contracts and health insurance policies to provide coverage for all generally medically accepted cancer screening tests and requires those contracts and policies to also provide coverage for the treatment of breast cancer. Existing law imposes various requirements on contracts and policies that cover prescription drug benefits.

This bill would prohibit a health care service plan contract and a health insurance policy that provides coverage for cancer chemotherapy treatment from, ~~directly or indirectly,~~ requiring a higher copayment, deductible, or coinsurance amount for a prescribed, orally administered

anticancer medication than the health care service plan or health insurer requires for an intravenously administered or injected cancer medication, *as specified*. The bill would prohibit a health care service plan or a health insurer from being deemed to have complied with these provisions by increasing the copayment, deductible, or coinsurance amount for an intravenously administered or injected cancer chemotherapy agent. The bill would specify that its provisions do not apply to *a health care service plan contract or health insurance policy that does not provide prescription drug coverage or to a health care benefit plan, contract, or policy with the Board of Administration of the Public Employees' Retirement System*. The bill would also provide that no benefits are required to be provided under its provisions that exceed the essential health benefits that will be required under specified federal law.

Because a willful violation of the bill's requirements relative to health care service plans would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1367.655 is added to the Health and
 2 Safety Code, to read:
 3 1367.655. (a) Notwithstanding any other provision of law, a
 4 health care service plan contract issued, amended, or renewed on
 5 or after January 1, 2013, that provides coverage for cancer
 6 chemotherapy treatment shall not, ~~directly or indirectly~~, require a
 7 higher copayment, deductible, or coinsurance amount for a
 8 prescribed, orally administered anticancer medication that is used
 9 to, *directly or indirectly*, kill or slow the growth of cancerous cells
 10 than the health care service plan requires for an intravenously
 11 administered or injected cancer medication, regardless of
 12 formulation or benefit category determination by the health care
 13 service plan.

1 (b) A health care service plan shall not be deemed to have
2 complied with this section by increasing the copayment, deductible,
3 or coinsurance amount for an intravenously administered or
4 injected cancer chemotherapy agent covered by the health care
5 service plan.

6 (c) Nothing in this section shall be interpreted to prohibit a
7 health care service plan from requiring prior authorization or
8 imposing other appropriate utilization controls in approving
9 coverage for any chemotherapy.

10 (d) *This section shall not apply to a health care service plan*
11 *contract that does not provide coverage for prescription drugs.*

12 ~~(d)~~

13 (e) This section shall not apply to a health care benefit plan or
14 contract entered into with the Board of Administration of the Public
15 Employees' Retirement System pursuant to the Public Employees'
16 Medical and Hospital Care Act (Part 5 (commencing with Section
17 22750) of Division 5 of Title 2 of the Government Code).

18 ~~(e)~~

19 (f) Notwithstanding subdivision (a), as of the date that proposed
20 final rulemaking for essential health benefits is issued, this section
21 does not require any benefits to be provided that exceed the
22 essential health benefits that all health plans will be required by
23 federal regulations to provide under Section 1302(b) of the federal
24 Patient Protection and Affordable Care Act (Public Law 111-148),
25 as amended by the federal Health Care and Education
26 Reconciliation Act of 2010 (Public Law 111-152).

27 SEC. 2. Section 10123.205 is added to the Insurance Code, to
28 read:

29 10123.205. (a) Notwithstanding any other provision of law,
30 a health insurance policy issued, amended, or renewed on or after
31 January 1, 2013, that provides coverage for cancer chemotherapy
32 treatment shall not, ~~directly or indirectly,~~ require a higher
33 copayment, deductible, or coinsurance amount for a prescribed,
34 orally administered anticancer medication that is used to, *directly*
35 *or indirectly,* kill or slow the growth of cancerous cells than the
36 health insurer requires for an intravenously administered or injected
37 cancer medication, regardless of formulation or benefit category
38 determination by the health insurer.

39 (b) A health insurer shall not be deemed to have complied with
40 this section by increasing the copayment, deductible, or coinsurance

1 amount for an intravenously administered or injected cancer
2 chemotherapy agent covered by the health insurer.

3 (c) Nothing in this section shall be interpreted to prohibit a
4 health insurer from requiring prior authorization or imposing other
5 appropriate utilization controls in approving coverage for any
6 chemotherapy.

7 (d) *This section shall not apply to a health insurance policy that*
8 *does not provide coverage for prescription drugs.*

9 ~~(e)~~

10 (e) This section shall not apply to a health care benefit plan or
11 policy entered into with the Board of Administration of the Public
12 Employees' Retirement System pursuant to the Public Employees'
13 Medical and Hospital Care Act (Part 5 (commencing with Section
14 22750) of Division 5 of Title 2 of the Government Code).

15 ~~(e)~~

16 (f) Notwithstanding subdivision (a), as of the date that proposed
17 final rulemaking for essential health benefits is issued, this section
18 does not require any benefits to be provided that exceed the
19 essential health benefits that all health plans will be required by
20 federal regulations to provide under Section 1302(b) of the federal
21 Patient Protection and Affordable Care Act (Public Law 111-148),
22 as amended by the federal Health Care and Education
23 Reconciliation Act of 2010 (Public Law 111-152).

24 SEC. 3. No reimbursement is required by this act pursuant to
25 Section 6 of Article XIII B of the California Constitution because
26 the only costs that may be incurred by a local agency or school
27 district will be incurred because this act creates a new crime or
28 infraction, eliminates a crime or infraction, or changes the penalty
29 for a crime or infraction, within the meaning of Section 17556 of
30 the Government Code, or changes the definition of a crime within
31 the meaning of Section 6 of Article XIII B of the California
32 Constitution.
