CHAPTER _____

An act to amend Section 10954 of, to amend the heading of Chapter 9.7 (commencing with Section 10950) of Part 2 of Division 2 of, to add Section 10960.5 to, to add Chapter 9.9 (commencing with Section 10965) to Part 2 of Division 2 of, and to repeal Section 10902.4 of, the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

SB 961, Hernandez. Individual health care coverage.

Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA) enacts various health care coverage market reforms that take effect January 1, 2014. Among other things, PPACA requires each health insurance issuer that offers health insurance coverage in the individual or group market in a state to accept every employer and individual in the state that applies for that coverage and to renew that coverage at the option of the plan sponsor or the individual. PPACA prohibits a group health plan and a health insurance issuer offering group or individual health insurance coverage from imposing any preexisting condition exclusion with respect to that plan or coverage. PPACA allows the premium rate charge by a health insurance issuer offering small group or individual coverage to vary only by family composition, rating area, age, and tobacco use, as specified, and prohibits discrimination against individuals based on health status.

Existing law provides for the regulation of health insurers by the Insurance Commissioner and requires insurers offering coverage in the individual market to offer coverage for a child subject to specified requirements.

This bill would require a health insurer, on and after October 1, 2013, to offer, market, and sell all of the insurer's health benefit plans that are sold in the individual market to all individuals and dependents in each service area in which the insurer provides or arranges for the provision of health care services, with coverage effective on or after January 1, 2014, as specified, but would require insurers to limit enrollment in individual health benefit plans to specified open enrollment and special enrollment periods. The bill would prohibit these health benefit plans from imposing

any preexisting condition upon any individual. Commencing January 1, 2014, the bill would prohibit a health insurer from establishing rules of eligibility for individual health benefit plans on any health status-related factor, as specified, and would authorize insurers to use only age, geographic region, and whether the plan covers an individual or family for purposes of establishing rates for individual health benefit plans, as specified. The bill would require a health insurer to issue a specified notice at least 60 days prior to the renewal date of an individual grandfathered health plan to all subscribers and policyholders of the plan. The bill would make certain of these provisions inoperative if the corresponding provisions of PPACA are repealed and would make other conforming changes. The bill would provide that it shall become operative only if AB 1461 is also enacted.

*The people of the State of California do enact as follows:*

SECTION 1. Section 10902.4 of the Insurance Code is repealed.

SEC. 2. The heading of Chapter 9.7 (commencing with Section 10950) of Part 2 of Division 2 of the Insurance Code is amended to read:

CHAPTER 9.7. CHILD ACCESS TO HEALTH INSURANCE

SEC. 3. Section 10954 of the Insurance Code is amended to read:

10954. (a) A carrier may use the following characteristics of an eligible child for purposes of establishing the rate of the health benefit plan for that child, where consistent with federal regulations under PPACA: age, geographic region, and family composition, plus the health benefit plan selected by the child or the responsible party for a child.

(b) From the effective date of this chapter to December 31, 2013, inclusive, rates for a child applying for coverage shall be subject to the following limitations:

(1) During any open enrollment period or for late enrollees, the rate for any child due to health status shall not be more than two times the standard risk rate for a child.

(2) The rate for a child shall be subject to a 20-percent surcharge above the highest allowable rate on a child applying for coverage who is not a late enrollee and who failed to maintain coverage with any carrier or health care service plan for the 90-day period prior to the date of the child's application. The surcharge shall apply for the 12-month period following the effective date of the child's coverage.

(3) If expressly permitted under PPACA and any rules, regulations, or guidance issued pursuant to that act, a carrier may rate a child based on health status during any period other than an open enrollment period if the child is not a late enrollee.

(4) If expressly permitted under PPACA and any rules, regulations, or guidance issued pursuant to that act, a carrier may condition an offer or acceptance of coverage on any preexisting condition or other health status-related factor for a period other than an open enrollment period and for a child who is not a late enrollee.

(c) For any individual health benefit plan issued, sold, or renewed prior to December 31, 2013, the carrier shall provide to a child or responsible party for a child a notice that states the following:

"Please consider your options carefully before failing to maintain or renewing coverage for a child for whom you are responsible. If you attempt to obtain new individual coverage for that child, the premium for the same coverage may be higher than the premium you pay now."

(d) A child who applied for coverage between September 23, 2010, and the end of the initial enrollment period shall be deemed to have maintained coverage during that period.

(e) Effective January 1, 2014, except for individual grandfathered health plan coverage, the rate for any child shall be identical to the standard risk rate.

(f) Carriers shall not require documentation from applicants relating to their coverage history.

(g) (1) On and after January 1, 2013, and until January 1, 2014, a carrier shall provide a notice to all applicants for coverage under this chapter and to all insureds, or the responsible party for an

insured, renewing coverage under this chapter that contains the following information:

(A) Information about the open enrollment period provided under Section 10965.3.

(B) An explanation that obtaining coverage during the open enrollment period described in Section 10965.3 will not affect the effective dates of coverage for coverage purchased pursuant to this chapter unless the applicant cancels that coverage.

(C) An explanation that coverage purchased pursuant to this section shall be effective as required under subdivision (d) of Section 10951 and that such coverage shall not prevent an applicant from obtaining new coverage during the open enrollment period described in Section 10965.3.

(D) Information about the Medi-Cal program and the Healthy Families Program and about subsidies available through the California Health Benefit Exchange.

(2) The notice described in paragraph (1) shall be in plain language and 14-point type.

(3) The department may adopt a model notice to be used by carriers in order to comply with this subdivision and shall consult with the Department of Managed Health Care in adopting that model notice. Use of the model notice shall not require prior approval of the department. Any model notice designated by the department for purposes of this section shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 4. Section 10960.5 is added to the Insurance Code, to read:

10960.5. Commencing January 1, 2014, in the event of a conflict between the provisions of this chapter and the provisions of Chapter 9.9 (commencing with Section 10965), the provisions of Chapter 9.9 (commencing with Section 10965) shall prevail, except where subdivision (j) of Section 10965.3 or subdivision (e) of Section 10965.9 makes any of the provisions of Chapter 9.9 (commencing with Section 10965) inoperative, in which case the provisions of this chapter and the operative provisions of Chapter 9.9 (commencing with Section 10965) shall be harmonized to the extent permitted by federal law.

SEC. 5. Chapter 9.9 (commencing with Section 10965) is added to Part 2 of Division 2 of the Insurance Code, to read:

(a) To an individual who does not work or reside within the insurer's approved service areas.

(b) (1) Within a specific service area or portion of a service area, if the insurer reasonably anticipates and demonstrates to the satisfaction of the commissioner that it will not have sufficient health care delivery resources to ensure that health care services will be available and accessible to the individual because of its obligations to existing insureds.

(2) A health insurer that cannot offer an individual health benefit plan to individuals because it is lacking in sufficient health care delivery resources within a service area or a portion of a service area may not offer a health benefit plan in the area in which the insurer is not offering coverage to individuals to new employer groups until the insurer notifies the commissioner that it has the ability to deliver services to individuals, and certifies to the commissioner that from the date of the notice it will enroll all individuals requesting coverage in that area from the insurer.

(3) Nothing in this chapter shall be construed to limit the commissioner's authority to develop and implement a plan of rehabilitation for a health insurer whose financial viability or organizational and administrative capacity has become impaired.

10965.13. The commissioner may require a health insurer to discontinue the offering of individual health benefit plans or acceptance of applications from any individual upon a

determination by the commissioner that the insurer does not have sufficient financial viability or organizational and administrative capacity to ensure the delivery of health care services to its insureds. In determining whether the conditions of this section have been met, the commissioner shall consider, but not be limited to, the insurer's compliance with the requirements of this part and the rules adopted under those provisions.

10965.14. (a) On or before October 1, 2013, and annually thereafter, a health insurer shall issue the following notice to all policyholders enrolled in an individual health benefit plan that is a grandfathered health plan:

New improved health insurance options are available in California. You currently have health insurance that is exempt from many of the new requirements. For instance, your policy may not include certain consumer protections that apply to other policies, such as the requirement for the provision of preventive health services without any cost sharing and the prohibition against increasing your rates based on your health status. You have the option to remain in your current policy or switch to a new policy. Under the new rules, a health insurance company cannot deny your application based on any health conditions you may have. For more information about your options, please contact the California Health Benefit Exchange, the Office of Patient Advocate, your policy representative, an insurance broker, or a health care navigator.

(b) A health insurer shall include the notice described in subdivision (a) in any renewal material of the individual grandfathered health plan and in any application for dependent coverage under the individual grandfathered health plan.

10965.15. Except as otherwise provided in this chapter, this chapter shall be implemented to the extent that it meets or exceeds the requirements set forth in the federal Patient Protection and Affordable Care Act (Public Law 111-148), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), and any rules, regulations, or guidance issued pursuant to that law.

SEC. 6. This act shall become operative only if Assembly Bill 1461 of the 2011–12 Regular Session is also enacted and becomes operative.
