

AMENDED IN ASSEMBLY AUGUST 18, 2014

AMENDED IN ASSEMBLY AUGUST 4, 2014

AMENDED IN ASSEMBLY JULY 1, 2014

AMENDED IN SENATE APRIL 9, 2014

**SENATE BILL**

**No. 964**

---

---

**Introduced by Senator Hernandez**

February 10, 2014

---

---

An act to amend Section 1367.03 of, to add Section 1367.035 to, and to repeal and add Section 1380.3 of, the Health and Safety Code, and to amend Section 14456 of, and to add Section 14456.3 to, the Welfare and Institutions Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

SB 964, as amended, Hernandez. Health care coverage.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975 (Knox-Keene Act), provides for the licensure and regulation of health care service plans by the Department of Managed Health Care (DMHC) and makes a willful violation of the act a crime. Existing law requires DMHC to adopt standards for timeliness of access to care and requires that contracts between health care service plans and providers ensure compliance with those standards. Existing law requires health care service plans to annually report to DMHC on compliance with those standards in a manner specified by DMHC. Under existing law, every 3 years, DMHC is required to review information regarding compliance with those standards and make recommendations for changes that further protect enrollees.

This bill would authorize DMHC to develop standardized methodologies to be used by plans in making the reports on compliance

with the timeliness standards, as specified, and would make the development and adoption of those methodologies exempt from the Administrative Procedure Act until January 1, 2020. The bill would require DMHC to annually review information regarding compliance with the timeliness standards and to post its findings from the reviews, and any waivers or alternative standards approved by DMHC, on its Internet Web site. The bill would also require a health care service plan ~~to annually, commencing March 1, 2015, plan, as part of the annual reports, to submit data regarding network adequacy to DMHC, as specified, and would require DMHC to review that data for compliance with the Knox-Keene Act and post its findings from that review on its Internet Web site.~~ *Act. The bill would require, if DMHC requests additional information to be reported, that the department provide health care service plans with notice of the change by November 1 of the year prior to the change. The bill would also require a health care service plan that provides services to Medi-Cal beneficiaries to provide the report data to the State Department of Health Care Services.* Because a violation of the requirements imposed on health care service plans would be a crime, the bill would impose a state-mandated local program.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services (DHCS), under which qualified low-income individuals receive health care services. One of the methods by which Medi-Cal services are provided is pursuant to contracts with various types of managed health care plans. Existing law requires DHCS to conduct annual medical audits of specified managed care plans and requires that these reviews be scheduled and carried out jointly with reviews carried out pursuant to the Knox-Keene Act. The Knox-Keene Act requires DMHC to periodically conduct an onsite medical survey of the health delivery system of each health care service plan and exempts a plan that provides services solely to Medi-Cal beneficiaries from the survey upon submission to DMHC the medical audit conducted by DHCS as part of the Medi-Cal contracting process.

This bill would eliminate that exemption and would require DMHC to coordinate the surveys conducted with respect to Medi-Cal managed care plans with DHCS, to the extent possible, provided that the coordination does not result in a delay of the surveys or the failure of DMHC to conduct the surveys.

This bill would also require DHCS to publicly report its *findings of finalized* medical ~~audit findings~~ *audits* as soon as possible, as specified, and to share those findings and other information with respect to Knox-Keene plans with DMHC. The bill would specify that any preliminary audit findings shared with DMHC under this provision would be exempt from disclosure under the California Public Records Act.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 1367.03 of the Health and Safety Code  
2 is amended to read:

3 1367.03. (a) Not later than January 1, 2004, the department  
4 shall develop and adopt regulations to ensure that enrollees have  
5 access to needed health care services in a timely manner. In  
6 developing these regulations, the department shall develop  
7 indicators of timeliness of access to care and, in so doing, shall  
8 consider the following as indicators of timeliness of access to care:

9 (1) Waiting times for appointments with physicians, including  
10 primary care and specialty physicians.

11 (2) Timeliness of care in an episode of illness, including the  
12 timeliness of referrals and obtaining other services, if needed.

13 (3) Waiting time to speak to a physician, registered nurse, or  
14 other qualified health professional acting within his or her scope  
15 of practice who is trained to screen or triage an enrollee who may  
16 need care.

1 (b) In developing these standards for timeliness of access, the  
2 department shall consider the following:

3 (1) Clinical appropriateness.

4 (2) The nature of the specialty.

5 (3) The urgency of care.

6 (4) The requirements of other provisions of law, including  
7 Section 1367.01 governing utilization review, that may affect  
8 timeliness of access.

9 (c) The department may adopt standards other than the time  
10 elapsed between the time an enrollee seeks health care and obtains  
11 care. If the department chooses a standard other than the time  
12 elapsed between the time an enrollee first seeks health care and  
13 obtains it, the department shall demonstrate why that standard is  
14 more appropriate. In developing these standards, the department  
15 shall consider the nature of the plan network.

16 (d) The department shall review and adopt standards, as needed,  
17 concerning the availability of primary care physicians, specialty  
18 physicians, hospital care, and other health care, so that consumers  
19 have timely access to care. In so doing, the department shall  
20 consider the nature of physician practices, including individual  
21 and group practices as well as the nature of the plan network. The  
22 department shall also consider various circumstances affecting the  
23 delivery of care, including urgent care, care provided on the same  
24 day, and requests for specific providers. If the department finds  
25 that health care service plans and health care providers have  
26 difficulty meeting these standards, the department may make  
27 recommendations to the Assembly Committee on Health and the  
28 Senate Committee on Insurance of the Legislature pursuant to  
29 subdivision (i).

30 (e) In developing standards under subdivision (a), the department  
31 shall consider requirements under federal law, requirements under  
32 other state programs, standards adopted by other states, nationally  
33 recognized accrediting organizations, and professional associations.  
34 The department shall further consider the needs of rural areas,  
35 specifically those in which health facilities are more than 30 miles  
36 apart and any requirements imposed by the State Department of  
37 Health Care Services on health care service plans that contract  
38 with the State Department of Health Care Services to provide  
39 Medi-Cal managed care.

1 (f) (1) Contracts between health care service plans and health  
2 care providers shall ensure compliance with the standards  
3 developed under this section. These contracts shall require  
4 reporting by health care providers to health care service plans and  
5 by health care service plans to the department to ensure compliance  
6 with the standards.

7 (2) Health care service plans shall report annually to the  
8 department on compliance with the standards in a manner specified  
9 by the department. The reported information shall allow consumers  
10 to compare the performance of plans and their contracting providers  
11 in complying with the standards, as well as changes in the  
12 compliance of plans with these standards.

13 (3) The department may develop standardized methodologies  
14 for reporting that shall be used by health care service plans to  
15 demonstrate compliance with this section and any regulations  
16 adopted pursuant to it. The methodologies shall be sufficient to  
17 determine compliance with the standards developed under this  
18 section for different networks of providers if a health care service  
19 plan uses a different network for Medi-Cal managed care products  
20 than for other products or if a health care service plan uses a  
21 different network for individual market products than for small  
22 group market products. The development and adoption of these  
23 methodologies shall not be subject to the Administrative Procedure  
24 Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of  
25 Division 3 of Title 2 of the Government Code) until January 1,  
26 2020. The department shall consult with ~~stakeholder groups~~  
27 *stakeholders* in developing standardized methodologies under this  
28 paragraph.

29 (g) (1) When evaluating compliance with the standards, the  
30 department shall focus more upon patterns of noncompliance rather  
31 than isolated episodes of noncompliance.

32 (2) The director may investigate and take enforcement action  
33 against plans regarding noncompliance with the requirements of  
34 this section. Where substantial harm to an enrollee has occurred  
35 as a result of plan noncompliance, the director may, by order,  
36 assess administrative penalties subject to appropriate notice of,  
37 and the opportunity for, a hearing in accordance with Section 1397.  
38 The plan may provide to the director, and the director may  
39 consider, information regarding the plan's overall compliance with  
40 the requirements of this section. The administrative penalties shall

1 not be deemed an exclusive remedy available to the director. These  
2 penalties shall be paid to the Managed Care Administrative Fines  
3 and Penalties Fund and shall be used for the purposes specified in  
4 Section 1341.45. The director shall periodically evaluate grievances  
5 to determine if any audit, investigative, or enforcement actions  
6 should be undertaken by the department.

7 (3) The director may, after appropriate notice and opportunity  
8 for hearing in accordance with Section 1397, by order, assess  
9 administrative penalties if the director determines that a health  
10 care service plan has knowingly committed, or has performed with  
11 a frequency that indicates a general business practice, either of the  
12 following:

13 (A) Repeated failure to act promptly and reasonably to assure  
14 timely access to care consistent with this chapter.

15 (B) Repeated failure to act promptly and reasonably to require  
16 contracting providers to assure timely access that the plan is  
17 required to perform under this chapter and that have been delegated  
18 by the plan to the contracting provider when the obligation of the  
19 plan to the enrollee or subscriber is reasonably clear.

20 (C) The administrative penalties available to the director  
21 pursuant to this section are not exclusive, and may be sought and  
22 employed in any combination with civil, criminal, and other  
23 administrative remedies deemed warranted by the director to  
24 enforce this chapter.

25 (4) The administrative penalties shall be paid to the Managed  
26 Care Administrative Fines and Penalties Fund and shall be used  
27 for the purposes specified in Section 1341.45.

28 (h) The department shall work with the patient advocate to  
29 assure that the quality of care report card incorporates information  
30 provided pursuant to subdivision (f) regarding the degree to which  
31 health care service plans and health care providers comply with  
32 the requirements for timely access to care.

33 (i) The department shall annually review information regarding  
34 compliance with the standards developed under this section and  
35 shall make recommendations for changes that further protect  
36 enrollees. Commencing no later than December 1, 2015, and  
37 annually thereafter, the department shall post its *final* findings  
38 from the review on its Internet Web site.

1 (j) The department shall post on its Internet Web site any  
2 waivers or alternative standards that the department approves under  
3 this section on or after January 1, 2015.

4 SEC. 2. Section 1367.035 is added to the Health and Safety  
5 Code, to read:

6 1367.035. (a) ~~Commencing March 1, 2015, and annually~~  
7 ~~thereafter, As part of the reports submitted to the department~~  
8 ~~pursuant to subdivision (f) of Section 1367.03 and regulations~~  
9 ~~adopted pursuant to that section, a health care service plan shall~~  
10 submit to the department, in a manner specified by the department,  
11 data regarding network adequacy, including, but not limited to,  
12 the following:

13 (1) Provider location.

14 (2) Area of specialty.

15 (3) ~~Provider—Hospitals where providers have~~ admitting  
16 privileges, *if any*.

17 (4) Providers with open practices.

18 (5) ~~Provider patient capacity. Provider to enrollee ratios for~~  
19 ~~providers on a full-time equivalent basis.~~

20 (6) The number of patients assigned to a *primary care* provider  
21 *or, for providers who do not have assigned enrollees, the number*  
22 *of enrollee primary care provider visits for the calendar year being*  
23 *reported.*

24 (7) ~~Complaints—Grievances~~ regarding network adequacy and  
25 timely access that the health care service plan received during the  
26 preceding year.

27 (b) A health care service plan that uses a network for its  
28 Medi-Cal managed care product line that is different from the  
29 network used for its other product lines shall submit the data  
30 required under subdivision (a) for its Medi-Cal managed care  
31 product line separately from the data submitted for its other product  
32 lines.

33 (c) A health care service plan that uses a network for its  
34 individual market product line that is different from the network  
35 used for its small group market product line shall submit the data  
36 required under subdivision (a) for its individual market product  
37 line separate from the data submitted for its small group market  
38 product line.

39 (d) The department shall review the data submitted pursuant to  
40 this section for compliance with this ~~chapter and the regulations~~

1 adopted thereunder. The department shall post its findings from  
2 that review on its Internet Web site. *chapter.*

3 (e) ~~In collecting submitting data under this section, the~~  
4 ~~department shall maximize the use of all relevant existing reports~~  
5 ~~and information already submitted to the department by a plan~~  
6 ~~and, if applicable, the outcomes of medical audits and monthly~~  
7 ~~provider files provided to the department by the State Department~~  
8 ~~of Health Care Services pursuant to Section 14456.3 of the Welfare~~  
9 ~~and Institutions Code. This a health care service plan that provides~~  
10 *services to Medi-Cal beneficiaries pursuant to Chapter 7*  
11 *(commencing with Section 14087.98) or Chapter 8 (commencing*  
12 *with Section 14200) of Part 3 of Division 9 of the Welfare and*  
13 *Institutions Code, shall provide the same data to the State*  
14 *Department of Health Care Services pursuant to Section 14456.3*  
15 *of the Welfare and Institutions Code.*

16 (f) *In developing the format and requirements for reports, data,*  
17 *or other information provided by plans pursuant to subdivision*  
18 *(a), the department shall not create duplicate reporting*  
19 *requirements, but, instead, shall take into consideration all existing*  
20 *relevant reports, data, or other information provided by plans to*  
21 *the department. This subdivision does not limit the authority of*  
22 *the department to request additional information from the plan as*  
23 *deemed necessary to carry out and complete any enforcement*  
24 *action initiated under this chapter.*

25 (g) *If the department requests additional information or data*  
26 *to be reported pursuant to subdivision (a), which is different or in*  
27 *addition to the information required to be reported in paragraphs*  
28 *(1) to (7), inclusive, of subdivision (a), the department shall provide*  
29 *health care service plans notice of that change by November 1 of*  
30 *the year prior to the change.*

31 (h) *A health care service plan may include in the provider*  
32 *contract provisions requiring compliance with the reporting*  
33 *requirements of Section 1367.03 and this section.*

34 SEC. 3. Section 1380.3 of the Health and Safety Code is  
35 repealed.

36 SEC. 4. Section 1380.3 is added to the Health and Safety Code,  
37 to read:

38 1380.3. The department shall coordinate the surveys conducted  
39 pursuant to Section 1380 with the State Department of Health Care  
40 Services, to the extent possible, in order to allow for simultaneous

1 oversight of Medi-Cal managed care plans by both departments,  
2 provided that this coordination does not result in a delay of the  
3 surveys required under Section 1380 or in the failure of the  
4 department to conduct those surveys.

5 SEC. 5. Section 14456 of the Welfare and Institutions Code is  
6 amended to read:

7 14456. The department shall conduct annual medical audits of  
8 each prepaid health plan unless the director determines there is  
9 good cause for additional reviews.

10 The reviews shall use the standards and criteria established  
11 pursuant to the Knox-Keene Health Care Service Plan Act of 1975,  
12 as appropriate. Except in those instances where major unanticipated  
13 administrative obstacles prevent, or after a determination by the  
14 director of good cause, the reviews shall be scheduled and carried  
15 out jointly with reviews carried out pursuant to the Knox-Keene  
16 Health Care Service Plan Act of 1975, if reviews will be carried  
17 out within time periods which satisfy the requirements of federal  
18 law.

19 The department shall be authorized to contract with professional  
20 organizations or the Department of Managed Health Care, as  
21 appropriate, to perform the periodic review required by this section.  
22 The department, or its designee, shall make a finding of fact with  
23 respect to the ability of the prepaid health plan to provide quality  
24 health care services, effectiveness of peer review, and utilization  
25 control mechanisms, and the overall performance of the prepaid  
26 health plan in providing health care benefits to its enrollees.

27 The director shall publicly report the findings of *finalized* annual  
28 medical audits conducted pursuant to this section as soon as  
29 possible, but no later than 90 days following completion of any  
30 corrective action plan initiated pursuant to the audit, *if any*, unless  
31 the director determines, in his or her discretion, that additional  
32 time is reasonably necessary to fully and fairly report the results  
33 of the audit.

34 SEC. 6. Section 14456.3 is added to the Welfare and  
35 Institutions Code, to read:

36 14456.3. (a) The department shall share with the Department  
37 of Managed Health Care its findings from medical audits and  
38 monthly provider files of a Medi-Cal managed care plan that  
39 provides services to Medi-Cal beneficiaries pursuant to Chapter  
40 7 (commencing with Section 14000) or this chapter and is subject

1 to Chapter 2.2 (commencing with Section 1340) of Division 2 of  
2 the Health and Safety Code.

3 (b) To the extent that the department communicates its  
4 preliminary investigative audit findings to the Department of  
5 Managed Health Care under subdivision (a), those communications  
6 shall be exempt from disclosure under the California Public  
7 Records Act (Chapter 3.5 (commencing with Section 6250) of  
8 Division 7 of Title 1 of the Government Code).

9 SEC. 7. The Legislature finds and declares that Section 6 of  
10 this act, which adds Section 14456.3 to the Welfare and Institutions  
11 Code, imposes a limitation on the public's right of access to the  
12 meetings of public bodies or the writings of public officials and  
13 agencies within the meaning of Section 3 of Article I of the  
14 California Constitution. Pursuant to that constitutional provision,  
15 the Legislature makes the following findings to demonstrate the  
16 interest protected by this limitation and the need for protecting  
17 that interest:

18 In order to ensure the confidentiality of preliminary investigative  
19 findings disclosed by the State Department of Health Care Services  
20 to the Department of Managed Health Care pursuant to this act,  
21 the limitation on the public's right of access to those files is  
22 necessary.

23 SEC. 8. No reimbursement is required by this act pursuant to  
24 Section 6 of Article XIII B of the California Constitution because  
25 the only costs that may be incurred by a local agency or school  
26 district will be incurred because this act creates a new crime or  
27 infraction, eliminates a crime or infraction, or changes the penalty  
28 for a crime or infraction, within the meaning of Section 17556 of  
29 the Government Code, or changes the definition of a crime within  
30 the meaning of Section 6 of Article XIII B of the California  
31 Constitution.
